The kids need our help. We invite you to join us in giving them a happy and healthier future.

"My daughter, Kyleigh, was born with multiple life threatening medical conditions. Thanks to Dr. Joe locono, the nurses and so many others at Kentucky Children's Hospital my daughter is now a happy, relatively healthy, 7 year old girl. We are so thankful to Makenna Foundation for creating a brighter, more inviting and well equipped facility."

The Makenna Foundation was established in September 2001 in loving memory of Makenna David who died of a rare lung disease in 1998 when she was 20 months old. We are forever grateful to all those who have supported the foundation especially our founding sponsor RE/MAX Creative Realty.
